THE MINISTER OF POWER (SHRI P M. SAYEED). (a) and (b) An in-principle approval for mega power project status has been conveyed to the project, subject to other conditions laid down in the mega policy being fulfilled

†Original notice of the question was received in Hindi

(c) For mega projects, the import of capital equipments is free of customs duties and the domestic bidders get deemed export benefits as per the EXIM (Export-Import) policy. In addition, an income tax holiday of 10 years can be claimed by promoter in any block of 10 years within the first 15 years

Tasks Forces to work out National Power Policy

†1557. SHRIMATI MAYA SINGH: Will the Minister POWER be pleased to refer to the reply to Starred Question No. 134 given in the Rajya Sabha on 10th December, 2003 and state:

(a) whether the Task Force constituted to work out the national power policy, has finalized the same after obtaining opinion of the States if so, the details thereof, and

(b) the details of the action taken so far/proposed to be taken?

THE MINISTER OF POWER (SHRI P.M SAYEED): (a) and (b) Yes, Sir. The Task Force on 'Power Sector Investments and Reforms' had done interaction with the States in a separate meeting. It also duly considered the views of the various State Governments that were expressed at the meetings convened by Ministry of Power in August, 2003 and communicated to the Task Force by the Ministry of Power.

Based on comments of various stakeholders received on the previous drafts as recommended by the Task Force and the objectives of the National Common Minimum Programme a revised draft National Electricity Policy has now been formulated

Draft National Electricity Policy aims at achieving the objectives of prodiving access to electricity to all households in next five years, fully meeting the demand of electricity, making available supply of reliable and quality power at reasonable rates and increasing per capita consumption to over 1000 units by year 2012. It addresses the issues of rural electrification, generation, transmission, distribution, technology development, financing, private sector participation, energy conservation, promotion of renewable and non conventional sources of energy, protection of consumers, interests etc
